

## **Fort Jackson Yard Debris Management Form**

Contractor Name: \_\_\_\_\_

Project: \_\_\_\_\_

Location: \_\_\_\_\_

Directions: Yard waste and land-clearing debris cannot be placed in a trash container, it must be (1) ground on-site, (2) delivered to a composting and/or wood chipping facility permitted by SCDHEC, or (3) taken to the Fort Jackson Mulch Site with prior written approval from Greg Winegar, DPW Operations and Maintenance Division Chief, 751-3823, Bob Stephens, Roads and Grounds, 803-212-8027 or DPW Facility Maintenance, 751-1924. If the volume of debris is less than 5 cubic yards, it may be taken to Fort Jackson's Mulch Site without prior written approval. The Mulch Site is located on Golden Arrow Road and is open Monday through Friday from 0730-1130 and 1245-1500. For additional information, contact Lisa McKnight, ENV, at 751-5971. If yard waste or land clearing-debris is taken off-post, the Contractor must provide this form to Ms. McKnight within 15 days of disposal, demonstrating that the waste was taken to a permitted facility (including date, type of waste, weight or volume, and name of permitted facility).
